CALL TO SERVE

This year, the Nominating Committee of CFP Board's Board of Directors is seeking self-nominations of individuals with CFP® certification, or those with a deep professional understanding of the financial planning industry, to answer the call to serve the public through board representation.

ABOUT CERTIFIED FINANCIAL PLANNER BOARD OF STANDARDS, INC. (CFP BOARD)

The mission of Certified Financial Planner Board of Standards, Inc. (CFP Board) is to benefit the public by granting the CFP® certification and upholding it as the recognized standard of excellence for competent and ethical personal financial planning. As a 501(c)(3) non-profit organization acting in the public interest by fostering professional standards in personal financial planning, CFP Board establishes and enforces education, examination, experience and ethics requirements for CFP® professionals. CFP Board's accountability is to the public, and its work plays an important role in building the financial planning profession.

CFP Board establishes and enforces standards for educational institutions that enhance the knowledge, skills and abilities that form the body of professional knowledge required to practice financial planning. The organization works alongside membership organizations that provide support to professionals who provide financial planning services to the public. CFP Board is engaged with the more than 83,000 CFP® professionals across the country who benefit the public directly when they demonstrate the high standards of competence and ethics of the CFP® certification through their services to clients.

THE ROLE OF THE BOARD OF DIRECTORS

The Board of Directors (Board), as the strategic governing body of the organization, is the policy-making and oversight body responsible for furthering CFP Board's mission, and it acts on behalf of the public, CFP® professionals and other stakeholders. There are currently 16 members of the Board, including three Public Members. The majority of the members are professionals who have earned the CFP® certification. These Board members from within the profession represent a wide portfolio of financial planning experiences and client representation. They also highly value the perspective of the Public Members; many of the critical and innovative ideas the Board has addressed have been introduced and stewarded by Public Members.

The culture of the Board of Directors is a lively and collaborative one. The Board prides itself on being very much a governing board, as opposed to a management board, and is highly invested in successful Board outcomes. Due to the busy professional and personal lives of 15 members, a high value is placed on the efficient use of Board time. Fortunately, the support provided by the exceptional staff leadership of CFP Board, especially via an outstanding CEO, makes the work of the Board much more efficient and effective than it would otherwise be.

The Board conducts three (3) in-person meetings per year, typically meeting on a Wednesday, Thursday and half day Friday in March, July and November. Additionally, there are usually 2 - 3 Board teleconferences throughout the year. Each Board member also serves on at least two committees - which entail 3 - 4 to conference calls per year, as well as in-person Committee meetings held in conjunction with the full Board's three in-person meetings. Committee chairmanship requires an additional time commitment.

THE BOARD'S WORK IS FURTHERED THROUGH THE WORK OF SIX BOARD COMMITTEES:

- The **Audit Committee** assists the Board of Directors in fulfilling its responsibilities relating to CFP Board's financial reporting, the system of internal controls over financial reporting, the external audit process, and compliance with applicable laws and regulations.
- The **CEO Oversight Committee** assists the Board of Directors in fulfilling its responsibility to monitor the Chief Executive Officer's performance and to ensure it is aligned with CFP Board's vision, mission, and key objectives, and the "Policies of CFP Board's Board of Directors."
- The **Governance Committee** assists the Board of Directors in fulfilling its responsibilities to ensure that the Board governance system performs effectively. In particular, the Committee is responsible for making recommendations on Board policies and procedures, institutionalizing best practices in corporate governance.
- The **Finance & Investments Committee** assists the Board of Directors in fulfilling its responsibility to monitor the financial health of the organization and ensure that its assets are protected, and its resources are used properly.
- The **Appeals Committee** has as its primary duty the final authority to decide any appeal of a matter in which CFP Board's Disciplinary and Ethics Commission has decided to discipline a CFP® professional.
- The **Nominating Committee** assists the Board of Directors in fulfilling its responsibility to identify qualified individuals to serve on the Board.

Prior to the meetings, Board members receive detailed materials to prepare them for the meetings, so time (approximately 3-5 hours) should be allotted for pre-meeting preparation.

STRATEGIC PLAN

Currently, the Board is engaged in a robust (2017-2021) strategic plan that is based on four Strategic Priorities:

- Growing **Awareness** of CFP® certification as the recognized standard for competent and ethical financial planners;
- Expanding **Access** to competent and ethical financial planning by increasing the number and diversity of CFP® professionals;
- Assuring **Accountability** by holding CFP® professionals to rigorous standards and by advocating for fiduciary advice, recognition of financial planning as a profession, and effective regulation of financial planners; and
- Serving as the respected **Authority** for the profession by setting standards, certifying financial planners and by advancing the Center for Financial Planning.
